

Split-T Management Signs Czarina McCoy

NEW YORK (April 4, 2023)-Split-T Management has signed Czarina McCoy.

McCoy will be managed by Brian Cohen of Empire Boxing.

“I am super excited to work with Brian and Split-T. We have been talking since I turned professional, but my dad wanted to work independently at first. We felt at this time, it is the right time to work with Brian as I know he can help me get to the next level,” said McCoy

“If all negotiations in boxing would be as smooth as this, then boxing would be a better place. Mr McCoy and Czarina are amazing. As a father myself, the way Mr. McCoy has helped his daughter, is beyond commendable. As her mother passed on when she was a child, Mr McCoy has raised a smart, gifted, talented young lady. I’m excited to see what Czarina is going to accomplish in this new journey in her boxing career,” said Brian Cohen.

McCoy, 22 years-old of Las Vegas is 11-1 with three knockouts.

McCoy began boxing at the age of 11 as she actually walked into the wrong gym.

“My father was taking me to start gymnastics and we walked into a gym where they were boxing. When I saw that, I wanted to leave but Richard Steele started talking to us and asked If I could fight, and I said yes. I gave it a try and never left,” said McCoy.

That spawned an amateur career that saw McCoy go 36-4 and become a five-time National champion. She captured Junior Olympics, USA Boxing, Western Qualifiers, National PAL and

Adidas titles.

McCoy considers herself a boxer-puncher, but is adaptable to every style.

McCoy has won several titles, including the WIBA Youth Super Flyweight, ABF Intercontinental Featherweight, UBO and WIBA World Lightweight and UBO World Super Lightweight titles.

“I am ready for the big fights. I am ready for these bigger opportunities and compete for these bigger titles. I am looking forward to getting back in the ring in the next month or so.

McCoy is a throwback fighter who is looking to win titles in many weight classes. “I can fight anywhere from 118 to 140 lbs, and I can see myself winning world titles in those weight classes. I like the idea of moving up and down in weight. I don’t want to settle in one weight class. I am influenced by Manny Pacquiao and you see how many weight classes he became champion in.

McCoy is trained by “Bullett” Cromwell Gordon.
